Services offered

We operate to supply both Permanent and short or long term agency staff to suit your needs.

All of our services can be tailored to provide a best fit solution. Please do call and speak to any of our consultants who will be able to explain any of our services further.

- Contingency recruitment-
The standard service offering, Thasp will source select, screen and send candidates suitable for open vacancies. All checks in accordance with current legislation will be made on your behalf.
- Search and selection-
A more dedicated service primarily for very senior level positions or particularly niche experience.
- Team or Division building-
Let thasp assist your long term plans. Ideal for larger volume or team building requirements. Previous projects have included the moving in-house of Health and Safety departments nationwide where previously the service has been outsourced.
- Advertising Campaigns, either managed or generic. Due to our large annual advertising spend with all of the key publications we are able to offer preferential rates unavailable to one off advertising space purchases and pass the savings on to you, the client.
- Candidate Management
